

Band 3 anion transport protein  
transcript: NM\_000342.4, protein: NP\_000333.1

- Stop Gained
- Inframe Deletion
- Missense Variant
- Frameshift Variant

- (Micr (Microbial infection) ABC region; interaction with P.falciparum (isolate D) MSP
- (Micr (Microbial infection) Interaction with P.falciparum (isolate K) FBPA
- Dimer Dimerization arm
- Disor Disordered
- Globu Globular
- Inter Interaction with ANK
- Invol Involved in anion transport
